LegacyX (LX) Whitepaper

Version: 1.0
Date: (Insert Date)
Blockchain: Binance Smart Chain (BEP-20)
Website: [LegacyX Website](#)
Smart Contract: [BSCScan](#)

---

1. Introduction

LegacyX is a **next-generation staking platform** designed to offer **secure, high-yield crypto staking rewards** to investors. Built on **Binance Smart Chain (BEP-20)**, LegacyX provides **fast transactions, low fees, and a seamless staking experience**.

With a **fixed total supply of 100 million LX tokens**, LegacyX ensures **sustainability and value appreciation** through strategic token allocation and a deflationary staking model.

Key Features:

✔ **High APY Staking Rewards**
✔ **Secure Smart Contracts (Audited)**
✔ **CEX & DEX Listings (Upcoming: LBank, BitMart)**
✔ **Community-Driven Governance Model**
✔ **Multi-Chain Expansion (Future ERC-20 Integration)**

---

2. Tokenomics & Allocation

Total Supply: 100,000,000 LX

Category	Allocation	Tokens
Staking Rewards	40%	40,000,000 LX
Team & Advisors	20%	20,000,000 LX
Public Sale & Liquidity	30%	30,000,000 LX
Marketing & Partnerships	10%	10,000,000 LX

Supply Schedule

- **Staking Rewards:** Released gradually as per staking pool participation.
- **Team & Advisors:** Locked with a **vesting schedule** to ensure long-term commitment.
- **Public Sale & Liquidity:** Allocated for exchange listings & market stability.
- **Marketing & Partnerships:** Used for growth campaigns & ecosystem development.

---

3. Staking & Rewards Model

LegacyX offers a **user-friendly staking experience** with multiple reward options:

- **Flexible Staking:** Withdraw anytime, moderate APY.
- **Fixed Staking:** Higher APY for longer staking periods (30, 60, 90, 180 days).
- **Auto-Compounding:** Maximize profits by reinvesting staking rewards.

---

4. Roadmap

✅ Phase 1 - Q1 2024 (Completed)

- Smart Contract Deployment (BEP-20)
- Website & Whitepaper Release
- Development of Staking Platform

🔄 Phase 2 - Q2 2024 (In Progress)

- Beta Staking Platform Launch

- CEX Listings on **LBank, BitMart**
- Community Growth (Telegram, Twitter, Discord)

⏳ **Phase 3 - Q3 2024 (Upcoming)**

- Liquidity Pool Expansion
- Governance Voting Model Activation
- Institutional Partnerships & Multi-Chain Expansion

---

5. Security & Compliance

LegacyX prioritizes **security & regulatory compliance**, ensuring:
- ◆ **Smart Contract Audit (3rd Party Verification)**
- ◆ **Multi-Signature Wallets for Fund Security**
- ◆ **Regulatory Compliance & KYC for Exchange Listings**

---

6. How to Buy & Stake LegacyX (LX)

1️⃣ Buy **BNB** on Binance.
2️⃣ Swap **BNB for LX** on **PancakeSwap (DEX)** or **LBank, BitMart (CEX)**.
3️⃣ Connect your wallet to **LegacyX Staking Dashboard**.
4️⃣ Choose a staking plan & start earning rewards!

---
